| Assessor Comments                         | On offer is a tidy line of 255 September/October drop rising 3-5 year old Merino ewes with the largest % of these ewes being rising 3-year-olds. A great opportunity to purchase a complete line of Bundilla and Grassy creek blood ewes with a great breeding program in front of them focused towards growth rates, high fertility and motherability. These ewes are scanned in lamb at 170% to Rosewood Poll Dorset's. To commence lambing from the end of August for 6 weeks, this is a nice group of healthy ewes that present in excellent forward condition. Please note S.I.L singles are marked with a red dot on the highbone. |      |                |     |               |     |
