 Breeding Comments These ewes were bred on 'Disalie' between Ivanhoe & Hillston. The Mckean family sold their property and dispersed their

flock. They are extremely well renowned sheep across the state that are bred on good clean western country. Ballatherie blood.

These ewes display excellent weight for age and are plain bodied large frame ewes. Scanned in lamb at 160% to Yanco White Suffolk Rams. A magnificent opportunity to purchase a top line of merino ewes. Ewes commence lambing early September for 7 weeks however scanner noted that a very large percentage of them joined on the first cycle.
