Other Joining Details	Ewe lambs joined for a tight 5 week period		
Assessor Comments	A Very Nice line of highly fertile Composite ewe lambs, These August/September drop ewe lambs are joined very early by the vendor so that the highest fertility and performance can run on his farm. This is a very RARE opportunity that these ewe lambs have been offered for sale. The vendor has been doing this for over 30+ Years. These ewes still generally grow out into large, framed composites. Ewes should start lambing in September (see joining dates) and have plenty of time to grow out between now and then!
