Assessor Comments	Complete drop of the Uyanyah Red Hill Station Blood Ewes. Only offered for sale due to the mothers only being young and having sufficient numbers on. These young sheep have just continued to impress! Having been given a very good start in life, then coming in with an outstanding pregnancy result, scanning 97% positive, in young ewes, 3% Rams in just a 6 week joining. Young Ewes with very good growth for age, plenty of size and weight and still only babies Properly hard, with a very good back on these young sheep, plenty of length and bone and a good bold 'true to type' Aussie White head. These young, fertile breeders are an ideal investment for a buyer wanting to compliment an existing flock, or be an ideal cornerstone to build from.
