Assessor Comments	35 Scanned empty ewe lambs & hoggets acc. WJA & DL Ferguson - Rennie. June/August 2025 Drop - Sansouci & Urah blood. Ewes present in magnificent condition & have been perfectly prepared to join to the ram of your choice. Vendor when selecting rams has a strong emphasis on structural soundness alongside positive carcass attributes which is clearly evident in the above ewes. All ewes that are retained in vendors breeding program are stringently classed on shedding ability meaning that these future breeders are bred from elite shedders! Come as highly recommended & would be a welcomed addition to a shedding flock or a great introductory mob to breed from. Please note vendor has another lot in today's sale.
