Assessor Comments	An opportunity to secure a line of classed in breeding Ewes with lambs on the ground. Medium to large frame ewes that present in store condition showing good frame and length of body with fresh Poll Merino Lambs at Foot that range from 1 to 10 weeks old at time of assessment. Neither Lambs or ewes have had any treatments so would advise purchaser to crutch, vaccinate and drench prior to putting stock out with some ewes and lambs scouring as seen in photos and video. Lambs have been Tailed with rings but are still young enough to M & TS if they wish. These Ewes & Lambs are being sold as part of vendors complete dispersal due to change of direction on farm with more cropping focus.
