Assessor Comments	A very good line of Glenwood blood station mated ewes. These Ewes are bred out of medium to large frame SRS merino ewes. Consistently Buying the top end rams at the Glenwood sale for the past 15 years, these ewes are very easy doing and free growing sheep. Ewes were joined on the 25/2/2026 for 6 weeks to Valley Vista Poll Dorset rams to commence lambing on the 22/7/26 for 6 weeks. Last year, these ewes had 145% of lambs to ewes joined to the same rams and would usually be retained, although unfortunate seasonal conditions are being offered to the market. Please call for further information.
