Assessor Comments	On offer are 282 1st cross ewes. These ewes have an average liveweight of 64.4 kg at assessment. They are carrying a July shorn jacket, with an average wool length of 65 mm. These ewes are proven breeders, having weaned 2nd cross lambs in January. They are ideal to take on and will suit any 2nd cross breeding operation. Ashbank Poll Dorset rams have been running with the ewes since 27/03/26 and will be removed on the day of delivery. These ewes have youth and time on their side and have proven to be highly fertile breeders. Please note there are 62 red tags, 88 blue tags, and 132 black tags in this assessment. The Galley family have a very strong reputation for breeding top-quality Merinos, 1st cross ewes, and 2nd cross lambs in the Dubbo district. These ewes carry my strongest recommendation.
