Other Joining Details	All ewes are joined to Maternal Primeline Rams. Ram figures can be found in photos
Assessor Comments	This lot presents the perfect opportunity to buy highly productive sheep and capitalise on the current strong lamb and sheep prices. These sheep present in excellent lambing condition and have scanned at 185% in lamb to Maternal Primeline Sires. All sheep are marked for Singles, Twins and Triplets. Due to a change in direction the vendor is offering their entire Primeline flock in this sale and it presents no better opportunity to buy genuine quality Primeline Breeders to start or add to a self replacing operation. These sheep come with my highest recommendation. All Purple Tag ewes were mouthed at assessment and broken mouths were removed to be offered in their own lot
