Assessor Comments	This lot presents the perfect opportunity to buy highly productive sheep and capitalise on the current strong lamb and sheep prices. These sheep present in excellent lambing condition and have scanned at 187% in lamb to Maternal Primeline Sires. The 438 Yellow Tag ewes will be offered as 2 identical lines of 219 head. All sheep are marked for Singles, Twins and Triplets and will be drafted so that correct percentages are reflected when delivered should they not be purchased by the same buyer. Due to a change in direction the vendor is offering their entire Primeline flock in this sale and it presents no better opportunity to buy genuine quality Primeline Breeders to start or add to a self replacing operation. These sheep come with my highest recommendation
