Assessor Comments	A very good line of 360 x SIL Aug/ Sep 2025 Drop 1st Cross Ewe Lambs. A genuine line of young ewes sired by White Suffolk Sires out of renowned Merryanbone Blood Merino Ewes. Bred on Merryanbone and grown out at Cowra since early 2026 the ewe lambs present well as a group. Bred from large framed western bred ewes, the ewes are generally in forward condition and are carrying a 50mm skin. Scanned in lamb at 129% to selected Ridgehaven Poll Dorsets to lamb from early September for 6 weeks, a great opportunity to buy ewes with plenty of growth left in them to raise lambs of excellent make and shape. The ewes are tagged with blue and yellow management tags; this was a management decision of the breeders and does not denote age.
