Scabby Mouth Vaccination	100% of this consignment have not been treated with a Scabby Mouth Vaccination prior to sale
Health Declaration	A National Sheep Health Declaration will be provided at Delivery
JD Approved Vaccinates	Sheep are not JD Approved Vaccinates.
Vendor Comments	This is a flock dispersal of the 'Bunginderry' sheep. Years of genetics & breeding low maintenance easy doing sheep focus on wool production.
Joining Details	Not Station Mated
Any Access To Rams or Stags?	Yes, last access to rams/stags: 09/05/2026
Joining Access Details	Ewes were never joined however there was 1 ram found with 2000 ewes at shearing the joining length was unknown
Assessor Comments	**FLOCK DISPERSAL** An opportunity to buy a great run of NSM Center Plus blood merino ewes in store to forward condition. These ewes are best described as medium frame and have started to go ahead since shearing with fresh feed in front of them. Ewes cut 5.5kg of wool at 18/19 micron with the vendors emphasis on wool quality. Ewes are ideal replacement breeders but would suit a trade joining to a ram of choice. Low maintenance easy doing wool cutters that are only being offered due to change of direction by vendor. This lot is mainly 5yr old ewes (83%) but also has a small number of 6yr (3%), 7yr (10%) & 8yr (4%).Also there is another two lots in the same sale with same vendor.
Assessor	Sam Bartlett (Level 1 Accredited) Parallel Assessed By : Marcus Paulsen
