| Assessor Comments        | 450 x Woolly Merino Wethers Shorn in January, Weighing 47kgs full. Mixed ages predominantly 3/4 years. They present in forward store condition and are pushing out a impressive 55mm of Quality 16mic wool showing plenty of Crimp and style. Wethers have been running on the lightest paddocks for the last few months as they were not going to be sold, plans have changed and numbers need to be reduced. They present a great opportunity for a Shearing/Fattening job. They are bred in the cold country and are tough sheep, given the opportunity they will respond to the right feed fast. Lead draft out of a mob of 650. |            |        |             |  |        |        |                                        |        |            |         |                                   |
