Assessor Comments	***Dispersal*** 500 SIL White Dorper ewes, Etiwanda blood, 2-4 yo, 33% Red tags, 38% Blue tags and 29% Black tags. Due to the ongoing dry conditions, the vendors have made the hard decision to sell all their ewes. The Koree flock is very well managed with a tight 6 week joining with any ewes not scanning up being sold. Ewes will be an asset to any dorper operation.
