Assessor Comments	A very even draft of maiden ewes SIL to the White Suffolk that will lamb early June for seven weeks. These ewes are fresh off shears and are definitely going forward, and are in great health & condition. They show great length of body and depth and will grow into strong medium to large frame ewes. They are station bred on one of the vendors other properties and were brought south as lambs to be later joined. Great opportunity to purchase young ewes with the rest of their lives in front of them. There are 520 ewes total in this draft with them being sold in two lines of 260, and will be delivered as a run out the gate if purchased separately.
