Assessor Comments	This is a great opportunity to purchase some excellent quality 1st X SIL BL Ewe Lambs mated to quality Harrys Well white Suffolk rams. Normally retained within the partnership to breed on their Island property but due to seasonal conditions and a change of business direction vendor is looking to move them on. Vendor has always purchased large framed, plain skinned Mallee Ewes joined to high indexing rams from reputable BL studs. Purchaser can buy in full confidence knowing these Ewe Lambs will continue to grow out to their full potential given some feed in front of them. All SIL Ewe lambs were weighed 45kg+ with a small portion of SIL little sisters removed to tidy the line up. All to be crutched and treated with flexolt prior to delivery. **Treated with Flexolt as a precaution due to brought in Lambs in the feedlot being in close proximity, giving the purchaser peace of mind that these are ready to hit the ground running once purchased**
