| Assessor Comments                    | Buyers a very rare opportunity to buy a run of 600 highly regarded organic certified 2 Y/O scanned empty ewes from 'Plevna Downs'. Ewes are ideal replacement woolgrowers or perfect to join to ram of choice this spring. These ewes are best described as large frame and forward store to forward condition. Ewes were shorn early may and have bounced ahead since shearing and doing very well on a variety of herbages and grasses. These ewes have been scanned empty on 10/06/26 by Damien Pollet after their first joining. The 'Plevna Downs' flock are very well known for their wool growing ability in both quantity and quality. Chance to cash in on RWS certified ewes that have all their lives ahead of them to produce quality lambs and quality wool cuts. |                |  |           |      |
