Assessor Comments	*****Flock dispersal*****Outstanding opportunity to purchase Kerin poll blood ewes in prime of their lives. These ewes are scanned in lamb to Bindaree & Nundoone Border Rams at 160% . They come from an RWS certified non mulsing flock. Lambs are grown out to export weights and grade very well through the grading system at GMP. Wool cuts of 6kg at19.5 mic, make very profitable dual purpose sheep . They present in very good condition to lamb down . This is a part of 2 identical lots to make up 650 blue / red tag ewes . Classed annually by Angus Munro.
