Ewes are Kerin Poll Merino Bld and were predominately purchased ex Kerin Poll Merino itself. Ewes exhibit great length and leg and present in forward-store condition. Ewes are scanned in lamb at 177% and are due to commence lambing around the 20th August for 17 days (multiples identified). Ewes are 3 to 6 years of age with an individual age breakup provided in assessment. Ewes are RWS, Authentico, Sustainawool & Land to Market certified. Vendor is selling these ewes due to having a split joining and these falling pregnant in the second period of joining. Ewes were shorn in early February out of an 8-month shearing program.
