	Excellent	100%	Plain 100%
Assessor Comments	Ac KD STUDS- 21Meatmaster/KD Reds & Blacks Bred Ewe lambs, 2025 Drop Scanned in Lamb to Stud type Red Meatmaster rams, to lamb mid July. The animals are in good fresh lambing condition with good frame for age. They are short in the skin as good shedders should be and sound in the foot. They are good quality animals bred from selected good shedding ewes with sound foot structure that are not seasonal breeders and will mate while lactating. ADDITIONAL VENDOR COMMENT: K D Sheep Studs have been breeding shedding sheep for 27 years. We have selected ewes over the years for full shedding and excellent foot structure that can suit all climates. We breed rams, so only the best performing rams are used over the commercial ewes. The white sheep and coloured sheep have the same productivity, being non seasonal breeders that will remate while lactating and will mate from 6 months old at 38 kg. The ewe lambs in May scanned at 156% in lamb with 85 % SIL at 9 months old
