Assessor Comments	Offering 810 young Merino ewes. The ewes averaged 45.2kg live at assessment and were shorn in and back-lined in April. The ewes are two and three years and are majority purchased in ewes, that were recently scanned empty of the back of a tough joining. The ewes are majority bred on Well Gully Poll Merino bloodlines. The ewes are on a rising plane of nutrition after recent showers and range in frame size, with some small frame ewes amongst the mob. Don't miss this opportunity to purchase a large line of young Merino ewes.
