Assessor Comments	80 Composite SIL Ewe Lambs that averaged 56kg at assessment. Neat line of very well bred Cloven Hills blood ewe lambs that are scanned in lamb (singles) to the Cloven Hills Maternal Composite Ram to commence lambing in the first week of August for 5 weeks. These Ewe lambs are up to date with their 6in1 vaccines as well as two CampyVax shots. They are early Jan shorn, tail stripped and are in great order to lamb down. Ideal line of ewe lambs to top up a paddock with the current season we are having.
