Assessor Comments	327 classed in breeders that have just weaned lambs. These are top quality young ewes with plenty of future ahead of them. There is plenty of upside in these young ewes from freshening up and selling into the trade or starting your own Aussie White flock. These ewes have plenty of frame to hang more weight on and if given the opportunity they would join up again soon. Vendor has a strong emphasis on shedding ability and fertility when selecting ewes and these are no exception. Top quality young ewes in their working cloths. At assessment ewes had a weight range of 44-73kg to avg 55.3kg after an overnight curfew and lambs weaned earlier that day. Quality ewes you can buy with confidence.
