	These heifers were easy to handle in a small set up. When pressure applied a few were quite fast to move in yards then settled back in the mob when left. Same through the crush settled once Let out.

Assessor Comments	Presenting the first group in the annual draft of Sim-Angus heifers on offer from our vendor today. These Heifers show excellent breed traits and offer plenty of ability to grow into large easy doing cattle. Heifers that show ample length and depth of carcass, already on a forward run. This line up would fit in any operation looking for that hybrid vigor to grow out and finish into heavy trade types. 100% Grass Fed and Electric fence trained.
