Assessor Comments	Buyers a handy line of well bred Angus steer weaners averaging 275kg. These steers are weaned a couple of months and have a full animal health history, they are ready to go ahead and gain plenty of weight going forward! They have good frame and length, with shape, bone and type. Going forward, they should continue to grow out into well finished yearlings suitable for all grassfed markets being Greenhams NE acc, JBS FA and NG/NA or alternatively would suit feedlot entry if purchaser desired Note: Vendor has multiple lines in this sale
