Assessor Comments	A great line of mature Poll Hereford Cows PTIC to a Cluden Newry Angus Bull. These Cows were born & bred at "Guilford" Poll Herefords and purchased as Heifers and bred from each year . Bryant/ Gatenby run a Cattle partnership spanning over 3 properties between Longford , Nunamara & Loira based on 2 PIC numbers.Cows are showing a ton of Room & Volume and would handle a lot more weight & condition given the right conditions . A great opportunity to secure exceptionally well bred Poll Hereford Cows PTIC to continue breeding or take on as a turnover proposition. Longford vets stated 95% of the Cows in this run of 20 Cows will Calve in the first 2-3 weeks of their calving period.
