	These heifers were pleasant to handle through the yards and crush. They stood well on the scales and most of the mob walked off calmly.

Assessor Comments	The third draft of “SPRING VALLEY” calves on offer today. Calves that show great length of body with plenty of softness and shape expressing excellent breed characteristics and type. Backed by landfall and Dunlop park blood they are heifers set to grow into classy types to tuck away as future breeders or grow into heavy trade weights given the feed opportunity.
