Handled With	Bikes , Dogs
Assessor Comments	A great opportunity of secure a run of Angus & Angus cross heifers. These heifers are well handled & it's a credit to the owners offering them. Ideal heifers to go onto improved pastures / forage or feed for the domestic / export market. These heifers would potentially make ideal breeders with great genetics. Angus Bulls are selected for high EBV's, (LBW), growth, good bone structure & length. Of the 204 heifers assessed, 8 had blue eyes, old scaring, 3 had slight red tinge in coat & 3 with white marking on underline. Heifers will be offered in 2 lots of 102 head, a run out the gate in 2 even lines to the best of our ability. Heifers are Grass Fed Eligible, Antibiotics Free.
