Assessor Comments A good to mostly very good quality line of vendor bred steers. They were yard weaned at assessment onto hay and weaner pellets and will be in the yards until delivery. With medium to large frame they show good weight for age and suit to background to heavy export feeder weights. They are sired by Mooroobie Angus bulls out of Angus and Angus Hereford cows, majority of the cows are Angus. They were weighed after being in the yards overnight with their mothers. They have been vaccinated with 5 in 1 at branding. Good quality backgrounder steers that will suit a range of high quality feeder and slaughter markets.
