Assessor Comments	Breed or Feed! A lovely line of quality vendor bred Angus heifers to suit the breeder or trade weight feeder. Heifers have had no opportunity with a bull since being weaned 10 months ago. Averaging 327kg at delivery they would be a great weight for joining to the bull of your choice. They were very good to handle through the yards and are handled frequently in rotational grazing. For the feeder they are all within 300 - 400kg weight range with 28hd milk tooth and 1hd just breaking 1 tooth. Heifers are located in the ticks, however vendor cover all clearing costs to be picked up clean for purchaser. Vendor also has heavy feeders in same sale.
