Assessor Comments	A quality draft of 39 vendor bred Angus Cross weaner Heifers. Heifers averaged 280kg at assessment, showing excellent weight for age, and are by Eaglehawk, Wattletop and Eastern Plains bulls. A very even, well put together line displaying plenty of shape and softness, these Heifers are genuine top end cattle with loads of upside, ideally suited to backgrounders chasing strong performance and weight gain. These Heifers are out of a self replacing Herd and in a normal year a large percentage of these Heifers would be kept for breeders. These cattle will be running with the Cow up until date of delivery. Please Note this vendor has three other lots in this sale
