Assessor Comments	64 Vendor Bred Angus Heifers presenting as an even line of quality young females by Eagle Hawk Angus genetics. These heifers show good Angus female traits including softness, capacity and temperament, offering buyers an excellent opportunity to secure future breeding females or alternatively grow out for feeder cattle this winter. Heifers weighed 241–369kg to average 296kg full at assessment. Cattle are vendor bred and have been well handled through yards and crush, displaying quiet temperaments. Animal health treatments are up to date with 7-in-1 and Decomax V. Heifers have been bunk trained from weaning and also fed in paddock trough/bunk systems, making them very suitable for backgrounding or feedlot programs. A genuine line of well-bred Angus heifers with flexibility for breeding or feeder markets.
