Assessor Comments	A lovely line of vendor bred heifers. These heifers have plenty of frame and depth. They are out of true to type, well framed Shorthorn cows and one heifer is out of a Speckled park shorthorn cross cow. All heifers were yard weaned on the 16th of March and returned to the paddock. They were a pleasure to work in the yards and handled the assessment process with ease. They will go on to make ideal future breeders or they have also been known to perform on feed in the past. Grass fed & antibiotic free.
