	Steers were a fraction flighty in the yards; they walked across scales well. I would recommend handling them on arrival, they will all settle down with handling and when they mature a bit more.

Assessor Comments	McQuarry Park, Casterton Vic, will offer 29 Angus Steers, 5 - 6 months, Pathfinder bld, Weaned, Drenched, Vacc, PCAS, Grass Fed & Antibiotic Free. Nicely bred line of Spring drop steers that will present in fresh store condition, steers were all individually weighed from 200 - 275 Ave 227kg (full). Steers are generally retained and grown out into heavy feeder weights, but due to dams going dry and water getting tight Vendors need to lighten off and keep the core herd going. All the work is done with these spring drop steers they just need time and feed in front of them. Vendors also offering 34 of their sisters in this sale.
