|                        | Very well educated steers. Steers were NLIS caught and tagged at assessment which a percentage resented which is why some were assessed as stirry or slightly stirry in head bale and race.                                                                                                                                                                                                                                                                                                                                                                          |            |                          |

| Assessor Comments      | 74 Weaned, British and Euro soft, quiet, good and very good quality steers. The full drop of weaned steers with only a small tail has been removed leaving a very versatile run of weaned, well handled and educated steers. Suitable to backgrounded through to either trade or heavy export weights or grown out to heavy kill weights. Steers are tidy around the head with the majority being polled. Please note: vendor has 59 heifers in the same sale on the same property and 68 heifers and 74 steers in this same sale on their other property 48km away. |            |                          |
