A credit to the vendors on an extremely quiet draft of Heifers, these heifers have been correctly weaned and handled well and were a pleasure to work with. No problems with these Heifers, quiet to draft, quiet to run through assessment process so if you want some quiet heifers, these are the ones you want. And plenty of quality to go with them

Assessor Comments

What a nice draft of heifers, its a credit to the Vendors on how they have presented these Heifers for sale. With the limousin bloodlines and quality females selected these heifers will not disappoint, previous buyers have commented on how well they have grown out to quality breeders and are producing well. These heifers would make excellent breeders or feed them for heavy Trade heifers, they have plenty of length and bone and great appeal with them. Could not find any faults with these heifers. We mouthed these heifers and found only 1 Heifer had recently broken milk tooth with the balance remaining milk teeth. These vendors also have another 19 younger heifers in this sale. Combine the two lots for a good run of heifers
