A nice line of crossbred male calves and steers.

Temperament	Yards	Crush	Paddock
	Quiet: 70 head Slightly Stirry: 6 head	Quiet: 61 head Slightly Stirry: 15 head	Temperament not assessed in Paddock
	Mickeys/steers handled well through yards; odd mickey became agitated when isolated. Settled well and stood up nicely once in bigger yards. Small percentage faster moving through gateways.

Assessor Comments	Here presents a line of Crossbred mickeys/steers (68 mickies, 8 steers). These cattle present in store, to forward store condition and given the right opportunity would perform very well for the successful purchaser. These males were weaned two weeks prior to assessment and left in a holding paddock, being fed hay, faber beans & molaffos, where they will remain until delivery. Males would normally be castrated and grown out to export weights but due to the current dry seasonal conditions, are being offered as backgrounders. Ideal males to castrate and background for domestic or export markets. Buyers please look at photos for own breed assumptions, vendor has a herd based on multiple breed crosses. Buyers please note five head carry old pinkeye scarring, mainly just a blue dot with one having a full cloud in one eye.
