Assessor Comments	24 GOOD QUALITY ANGUS HEIFER WEANERS, 8/9MTHS, AVG 263KGS AT ASSESSMENT, Sired by quality Angus bulls from Boambree, Urban & Cooree. No heifers retained this year. This is a nice pen of Angus heifers, unweaned sired by quality bulls out of a good cow herd, heifers display good growth and weight for age, good foragers born and raised in the hills of Wallarobba, temperament was good overall, the lead of these heifers are usually retained and balance sold as a feeder in August, unfortunately this year my client has to sell due to the dry season. Note all eyes looked good, 1 heifer has the slightest of a cloud in the eye from old pink eye scarring, 2 heifers have a little touch of limousin. Riverflat has another lot in this sale.
