Assessor Comments	Offering 8 decks of 212 quality Angus feeder heifers. The heifers were 451kg live at assessment. These heifers are majority purchased in quality Angus heifers from Wodonga feature weaner sales back in April/May 2025. The heifers are very good to handle and show great breeding, with plenty of bone and thickness that would suit the Angus feeder specifications. Don't miss this opportunity to purchase a straight 8 deck line of Angus heifers ready to go to the feedlot weighing from 400kg to 520kg. Please note 12 head were sighted with old blight scarring and 4 with old neck lumps from vaccinations.
