Assessor Comments	A good quality line of vendor bred Angus x Steers, 173 to 256 kgs to avg 216 (1 hour off feed) An obvious tail has been removed. Approx 40 strong Angus types, balance more Brahman cross. The sale steers are generally quiet and easy to handle in the yards (see two separate videos). They are fresh in the coat and going ahead well in condition. This is a good opportunity to buy good quality Angus cross weaner steers to put away. (Vendor happy to scan tags for buyer at no cost if required). All tidy around the head. Steers will be fed in yards for three approximately 3 weeks by delivery. Additional line of slightly lighter Angus cross steers in this sale as well.
