Comment on Fat Score 1 Cattle

Stock are in strong store condition. No issues with transport are anticipated if normal industry procedures are followed.

Vendor Bred

Yes

Lifetime Traceable

100% of cattle in this lot are Lifetime Traceable

Breeding Comments

Texas Angus and Weebollabolla Shorthorn bulls over Shorthorn and Angus composite cows. A few cows have some Clonara Droughmaster influence in background. The Angus steers from purchased PTIC cows - by Millah Murrah, Watiaara and Te Mania Angus bulls.

Grazing Conditions

Running on dry buffel pasture with access to oaten hay and weaner pellets.
Returned same

Burr/Seed in Coat

No Burr or Seed of weeds declared noxious observed in the coats at assessment

HGP Status	The owner declares that the cattle have not been treated with HGP at any period of their lives		
Health Treatments	Vaccinated	15/01/2026	7 in 1 First Dose
Temperament	Quality Grades		Store Condition
	Very Good	49%	Store 100%
	Good	45%	
	Fair	6%	
Handled With	Yards		Paddock
	Crush		
Notable Traits	Quiet: 82 head		Temperament not assessed in Paddock
	Quiet: 81 head Slightly Stirry: 1 head		
Assessor Comments	Very good to handle in the race and rush. One steer was slightly agitated in and exiting the crush (just would not settle). They all settled quickly and were very good to handle in the yards. They have had extensive handling in and through the yards and have been tailed out onto the road. They are trained to bunks, hay racks, self feeders and electric fences.		
	Bikes , Dogs , Horses		
	Traits		
	3 Head Healing Ring Worms spots on Face or Neck		
Assessor	1 Head Moderate blue eye x one eye		
	4 Head Slight Blue Eye x one eye		
Delivery Period	A good to very good quality line of EU accredited weaner steers. They are mostly medium to large frame and suit to take and background to domestic and then export feeder weights. They were assessed as 6% fair, 45% good and 49% very good with the fair quality steers just showing a little less muscling and freshness. A tail under 180 kg was removed at assessment. They are sired by good quality Texas Angus or Weebollabolla Shorthorn bulls with approx 20% of the Angus steers from PTIC Angus cows purchased last year with Millah Murrah, Te Mania and Waitara Angus bloodlines. Steers with active pink eye were removed at assessment and weaners will be rechecked prior to loading. The temperament of these steers is a feature and they have had extensive handling in and through the yards. They are trained to bunks, hay racks, self feeders and electric fences. These would normally be taken through to feeder weights and are for sale due to the season. Note 2 decks of Angus steers to make 4 decks.		
	Assessor Andrew Wilkie (Level 1 Accredited) Phone: 0427 011 608		
Delivery Point	11/05/2026 to 15/05/2026 (5 days)		
	"Newinga" yards. Approx 10km south of Talwood off the Talwood-Mungindi Rd. TALWOOD QLD 4496 Lat: -28.4866454 / Lng: 149.4700493		
Ticks	Cattle are not in a tick infested area.		
	Vendor/Agent willing to Scan and Transfer cattle AT BUYER REQUEST at cost of \$4.00/head
