Assessor Comments	A good quality line of vendor bred Angus (one Angus cross) EU and Teys Grasslands accredited heifers, medium frame. The top end of them would suit as future breeders as no heifers are being retained. Otherwise would suit to background to domestic feeder weights or alternatively suit to finish for a certified grass market. Note EU and Teys Grasslands accredited and would suit most grass fed programs (have had access to cottonseed). These heifers were weaned over two weanings, 7 head on 15/12/25 and 34 head on 15/04/26. The heifers have been vaccinated twice with 5 in 1, first at branding and again at weaning. Please note another line of lighter AA heifers available in same sale to fill decks if required. Also their brothers are listed as another two lots.
