Assessor Comments	A mostly good quality line (4 head fair) of vendor bred Angus EU and Teys Grasslands accredited steers with medium frame. They suit to background to heavy export feeder weights or alternatively suit to finish for a certified grass market. Note EU and Teys Grasslands accredited and would suit most grass fed programs (have had access to cottonseed). The steers have been vaccinated twice with 5 in 1, first at branding and again at weaning. Please note another line of heavier AA steers available in same sale to make up a B Double if required. Also their sisters listed as another two lots.
