Assessor Comments	On offer is a well bred line of weaned Angus heifers. Heifers are out of Southern and Parraway Barraba bred cows. Heifers were initially meant to be retained and grown out to feeder weights, however due to the drying conditions are being sold. 10% tail were drafted out at assessment. Shown the opportunity, they would make fantastic breeders or grow out to kill or feeder weights an opportunity to purchase a well bred line of angus heifers that have been weaned and will power ahead on feed. Note heifers reweighed 6th May av 252kgs 5 hours off feed.
