Assessor Comments	A top-quality line of vendor-bred Hereford steers averaging 313kg at delivery. These steers display great quality, they're exceptionally well-handled, and present strong potential for massive weight gain. Ideal prospects to grow out into heavy feeders or export bullocks. They've been grazing on a mix of native and improved pastures and would suit any operation thanks to their quiet temperament and strong doing ability. Usually retained until heavy feeders, however this early turnoff is due to drying seasonal conditions.
