Notable Traits	Traits 3 Head old eye scar 2 Head Ringworm
Assessor Comments	A very good quality line of vendor bred Angus steers. The tail has been removed and these steers would normally be grown out to heavy feeders by the vendor. They are only being sold due to season. These steers are out of a large commercial herd that focuses on soft, easy doing cattle that marble. Their herd is predominantly Booroomooka and Bowen Angus bloodlines. Vendor has another 2 lots of steers in this sale as well as a small number of weaner bulls.
