	Traits
5 Head	Minor Eye Blemish
1 Head	Patch over eye after treating pink eye
10 Head	Slight Ringworm

Assessor Comments: A nice line of NSM EU Vendor Bred Angus Heifers bred from a renowned and highly regarded Upper Murray Angus Herd. These Angus Heifers are 8-9 months of age and are bred from a high performing moderate to large framed cow herd with females that carry a rich genetic history with the original cow herd being based on Hazeldean Angus genetics, with the recent introduction of Table Top Angus going on 8 years. Growth, IMF and milk have been a key focus for many years now in there Pedigree and EBVs and have been very precarious in the selection of there Angus bulls been the main reason while these cattle are highly sought after by repeat backgrounders, breeders and feedlots. The youngest and lightest draft of there heifers with a tail removed. Cattle that come with a big reputation and will really perform given any opportunity.

Assessor: **Bo Helwig (Level 1 Accredited)** Phone: 0413 305 815
