Quiet: 28 head Slightly Stirry: 3 head	Quiet: 28 head Slightly Stirry: 3 head	Temperament not assessed in Paddock

Docility is paramount to the breeding operation with years of careful selection put into place to ensure the stock are quiet and easy to handle. With 3 heifers becoming mildly over whelmed under the unfamiliar pressures of the assessment but settled on returning to the main group.

Assessor Comments	An opportunity to purchase a line of impeccably bred Poll Hereford heifers carrying years of high performing Wirruna and Rotherfield sires, with a herd focus on quiet, fertile, easy doing cattle with structural integrity. Brothers to these heifers have been regular features at the Gordon Sinclair Memorial Sale at Wangaratta frequently selling to repeat buyers giving you the confidence to purchase heifers with noted history that rarely come up for sale. These heifers would be a fantastic line to continue to breed with or to grow out for the heavy export grass fed market. Out of large framed, big volume, true to type Poll Hereford cows, these heifers come with the highest recommendation. This is the entire draft of heifers with a small tail removed with no others being retained. Grass Fed Only Antibiotic Free.
