Assessor Comments	A line of Spring drop Angus steer calves, weaned, 7 - 8 months old. A.I Sired. The A.I Sires used last year over Garras Angus entire herd, both stud and commercial herds, were Sitz Stellar, Oak Hollow Hallmark, Millah Murrah Rector and Tehama Patriarch. Cows were then backed up with Hazeldean P79, Millah Murrah Universe U137 and Brooklana T76. Dams bloodlines include Coolana, Banquet, Ben Nevis and DSK. Garras Angus using top Australian and USA sires for over 10 years. These little steers are stacked with breeding and have a good reputation now on doing well were ever they go given the right opportunities. Quiet no fuss cattle that are handled on a daily basis and are use to being behind a single hot wire fence. Please Note = Few steers in this lot have old pink eye scarring. (see photos) Have included photos of A.I Sires used last year. Vendor also has another lot of Heifers same breeding in the same sale.
