Assessor Comments	Buyers predominately Santa & Santa x HGP free steers only being sold due to dry conditions, they are ideal to take through to heavy feeder steers, they also could be taken on export weights & would fit a grass bullock programme. Steers show good bone & growth for age. The steers were very good to handle in the yards, race & crush for the minimal handling received since weaning. The steer with the swollen purse will be assessed at delivery & only loaded if fit to travel. Vendor has Angus x heifers, Santa heifers & Angus x steers same sale.
